LP STICKS & BEATERS

LP TITO PUENTE SIGNATURE TIMBALE STICKS

- Produced to the exact specifications of master timbalero, Tito Puente
- Made from kiln dried, environmentally friendly hickory
- 1/2" in diameter
- LP655/LP656

LP UNBREAKABLE TIMBALE STICKS

- Made from fiberglass and are considered some of the most durable sticks available today
- Available in two diameters
- LP225A/LP225B

LP COWBELL BEATERS

- LP Wood Cowbell Beater is made from Siam Oak and is a straight dowel shape with rounded ends
- LP207
- LP Pro Cowbell Beater is made from ash and features a contoured handle
- LP268
- LP Duro Cowbell Beater is made from synthetic material and is perfect for punctuating cowbell sounds
- Extremely durable and virtually unbreakable
- LP269

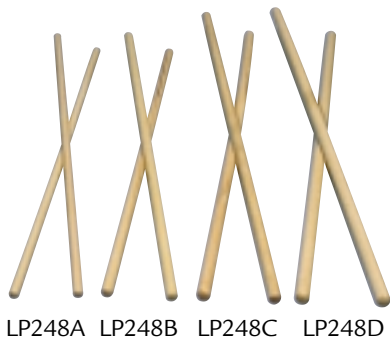

LP BAR CHIME STRIKER

- A direct replacement for the original metal LP Bar Chime Striker that is included with LP Studio and Concert Series Bar Chimes shown on page 64
- LP512

LP WOOD TIMBALE STICKS

- Two types of wood timbale sticks in either ash or hickory
- Both types are made from kiln dried, environmentally friendly woods and come in four sizes
- LP246A/LP246B/LP246C/LP246D/LP248A/LP248B/LP248C/LP248D

LP Wood Timbale Sticks			
Size	Ash	Hickory	Package Quantity
5/16" x 15"	LP246A	LP248A	12-Pair

LP TALKING DRUM BEATERS

- Replacements for the beaters that come with LP Talking Drums shown on page 46
- Feature curved ends that are covered with a layer of rawhide to soften tonal quality and prolong head life
- LP314A/LP314B/LP314C

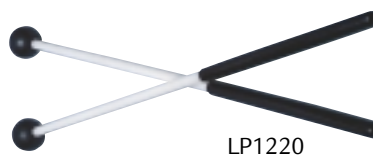

LP PRO BRUSHES

- Nylon brushes with retractable bristles
- Light or Heavy and are counterweighted for a drumstick-like feel
- LP-CCL/LP-CCH

LP GRANITE BLOCK® MALLETS

- Direct replacements for the mallets included with LP Granite Blocks shown on page 60
- Feature lightweight, flexible plastic handles with solid rubber mallet heads
- LP1220

LP SCRAPERS

- Available for use with LP Güiros or LP Torpedos
- Direct replacements of the scrapers included with their related instruments
- LP243B/LP249B/LP333/LP334/LP335

All LP Güiros are shown on pages 70 and 71.
