Notes:

- Refer to the owner's manual for your instrument for specific instructions on how to play Patches on the expansion board.
- On the JV-1010/1080/2080, XV and XP series, you can not select the Patches which are designed to be used with the JV-80/880/90/1000.
- The numbers (80-192) in the Patch name represent the B.P.M. (tempo) when played at the C4 or C2 key.
