

USER MANUAL

FuelTank Junior

POWER TO THE PEOPLE

Congratulations on your purchase of FuelTank Junior, an ultracompact power supply for 9-Volt pedals from T-Rex Engineering.

With 5 isolated outputs and a complete set of cables, FuelTank Junior will keep your entire arsenal of 9-Volt pedals performing quietly and powerfully. And it comes with great extras, like the T-Rex link cable and a serial cable for powering 18-Volt pedals.

This manual explains some of the benefits that FuelTank Junior offers, and how to get the most out of your new power supply.

QUIET POWER

FuelTank Junior features 5 isolated 9-Volt outputs, each delivering a powerful 120 mA current. Isolated outputs protect your T-Rex tone from annoying hum caused by ground loops – keeping your signal free of noise and full of tone.

CABLE-COMplete

To keep your pedal board neat and tidy, FuelTank Junior comes with 10 standard pedal cables – in 2 different lengths. It also includes a special link cable, which lets you power 5 different pedals from a single FuelTank Junior output. Make sure the pedals you connect to your link cable don't require more than 24 mA of power. You'll find the power supply requirements for every T-Rex pedal in the user manual that came with the pedal.

9 VOLTS - OR 18

FuelTank Junior will power just about any 9-Volt pedal you own. But it will also power an 18-Volt pedal – via the included yellow serial cable. Plug the double end of the cable into 2 outputs on your FuelTank Junior, and your favorite 18-Volt stomp box will roar into action.

PRODUCT DETAILS

Size Box	100 x 78 x 38 mm
Connections	5 isolated 9-Volt DC outputs delivering 120 mA each
Power supply	Internal, comes with country-appropriate power cable
Power consumption	30 milli Amperes.
Weight	Power supply in box: 900 g
Pedal cables	5 x 25 cm pedal cables 5 x 50 cm pedal cables 1 x serial cable 18V 1 x 5-pedal link cable

T-REX WARRANTY CONDITIONS

T-Rex offers a 2-year warranty on all our products. In the unlikely event of a malfunction, please contact our technical support at info@t-rex-engineering.com before sending us the product for repair. When the product has been sent to us at sender's cost, we will repair or replace your product and send it back to you - free of charge and usually within 3 weeks (shipping not included). The product needs to be accompanied by a copy of your receipt, serial number, return address, phone number, e-mail address and a brief explanation of the problem. Please note that we cannot replace a product until we have received it here in Denmark.

The warranty is lost if the product has been damaged by alteration, misuse, accident, or neglect; or if the product has been repaired or serviced by persons not authorized by T-Rex. Read more about warranty conditions at www.t-rex-engineering.com.

ABOUT T-REX

Based in Vejle, Denmark, T-Rex Engineering makes classic and signature effects pedals for the world's best musicians. Our approach blends hi-tech innovation with old-world craftsmanship – always in the service of killer tone.

EU REGULATIONS • ENVIRONMENT PROTECTION

T-Rex accepts and follows the regulations and directives issued by the EU. We find these environment protecting regulations very good, and we are happy to follow them.
