

SP-303 Dr. Sample

CD-Quality Sampling, Effects Processing and Sequencing for Musicians on the Go!

The BOSS SP-303 Dr. Sample offers DJs and musicians a compact, portable phrase sampler with CD-quality sound, 8-note polyphony, 26 onboard effects and a realtime pattern sequencer—all at a price unmatched by the competition. The SP-303 makes recording, looping and sequencing samples straightforward and intuitive, while SmartMedia can be used to expand sampling time and import .WAV/AIFF files. For sampling and effects processing anytime, any place, the SP-303 can't be beat.

- Compact phrase sampler with 44.1kHz sound quality and 8-note polyphony
- Onboard sampling time expandable using 8MB to 64MB SmartMedia* cards
- DJ-friendly operation via large, luminous sample pads (with Gate, Loop and Reverse triggering), plus three realtime control knobs
- 26 groove effects including new Vinyl Simulator and more; internal resampling

- Realtime pattern sequencer with quantize function for easy song creation
- Accepts up to 64MB SmartMedia cards for storing samples, sequences, and expanding available recording time
- Imports .WAV/AIFF files stored to SmartMedia cards
- AC adaptor included
