

MBP7000

Handheld Boom Pole

MICROPHONE STANDS & ACCESSORIES

FEATURES AND BENEFITS

Designed for durability and performance, the MBP7000 is a great solution for ENG, EFP and other field recording applications. Our Boom Pole is machined from a sturdy and lightweight aluminum, which allows you to mount your microphone securely and follow your sound source with ease. Three telescopic rods utilize a twist-and-lock system; creating quick, simple and efficient settings extending the length from 3.1-8.1'.

Standard 5/8"-27 threads with solid brass male end and internal 3/8"-16 threads.

Ergonomically spaced and comfortable EVA rubber hand grips. (1) Fixed handgrip at base of pole, (1) slidable hand grip allows for custom set-ups.

Three telescopic rods extend the boom length from 3.1-8.1'. Length settings lock/unlock utilizing a twist-and-lock system.

Multiple Applications!

The MBP7000 Boom Pole is ideal for Broadcasting, News casting, Film/TV/Video production, School plays/productions, and more field applications.
