

USER MANUAL

VIPER

CONGRATULATIONS

on your purchase of Viper, a classic vibe pedal from T-Rex Engineering.

Viper will give you a range of cool, modulated 70s sounds – all enhanced with a T-Rex bite. You'll recognize the vibe effect at once, and it's easy to dial in everything from "Little Wing" to "Bridge of Sighs".

Turn the page to see how it works.

WATCH IT – THIS VIBE BITES!

The main controls on your Viper pedal are the DEPTH, SPEED and LEVEL knobs, while the MODE button lets you select the basic character of your vibe.

DEPTH controls the overall strength of the vibe effect. Start with a lower setting for a nice, subtle effect, and turn it up to send your sound whirling around the room.

The SPEED knob lets you adjust how fast or slow your sound modulates – no matter what the depth, or what mode you're in.

LEVEL - lets you adjust the overall output of your Viper pedal.

Use the MODE button to switch between the two classic vibe modes – a rotating speaker effect and a subtler vibrato sound.

Trim to customize your sound. The trim dial on the back of the unit (accessible using a flat-head screwdriver) lets you shape the intensity and character of your vibe sound. Experiment to get just the vibe you're looking for.

TECHNICAL SPECS

Input Impedance@1KHz	880 KOhm
Output Impedance@1KHZ	24 Ohm
Power supply	12V DC
Minimum Power supply Voltage	10,8V DC
Maximum Power supply Voltage	12,5V DC
Current Draw @ 12V DC	162 mA
Maximum Input signal Vp/p	1,5Vp/p
External connectors	Input Jack. Output Jack, 12V DC Jack
Controls	On/Off, Level, Depth, Speed, Mode
Depth	120 mm
Width	100 mm
Height	55 mm
Weight (excl. battery)	0,594 kg

T-REX WARRANTY CONDITIONS

T-Rex offers a 2-year warranty on all our products. In the unlikely event of a malfunction, please contact our technical support at info@t-rex-engineering.com before sending us the product for repair. When the product has been sent to us at sender's cost, we will repair or replace your product and send it back to you - free of charge and usually within 3 weeks (shipping not included). The product needs to be accompanied by a copy of your receipt, serial number, return address, phone number, e-mail address and a brief explanation of the problem. Please note that we cannot replace a product until we have received it here in Denmark.

The warranty is lost if the product has been damaged by alteration, misuse, accident, or neglect; or if the product has been repaired or serviced by persons not authorized by T-Rex. Read more about warranty conditions at www.t-rex-engineering.com.

ABOUT T-REX

Based in Vejle, Denmark, T-Rex Engineering makes classic and signature effects pedals for the world's best musicians. Our approach blends hi-tech innovation with old-world craftsmanship – always in the service of killer tone.

EU REGULATIONS • ENVIRONMENT PROTECTION

T-Rex accepts and follows the regulations and directives issued by the EU. We find these environment protecting regulations very good, and we are happy to follow them.
