

NPM5

STEREO SPEAKER SYSTEM

POWERFUL, ALL-IN-ONE SOUND. NPM5 is a complete speaker system that's perfect for practice studios and small setups. You'll enjoy NPM5's sound that accurately plays the deepest bass and the brightest highs in your music. NPM5 is a self-contained, active speaker system with built-in amplifiers so all you need to do is plug in your system and you're ready to mix! NPM5 works with virtually all music gear thanks to a standard RCA input.

FEATURES:

- Active stereo speaker system
- Two-way system with 5" woofer and 1" tweeter
- Amplifier built in
- Easily accessible level, treble, and bass controls
- Standard RCA input for connection to virtually all audio devices
