

# K 28 NC

active noise reduction

## Comfortable traveling

Forget the noisy part of traveling. The K 28 NC turns every trip by plane, train, or bus into a relaxed listening session. An integrated active noise reduction filter reduces noise-related stress to a minimum: for fatigue-free, restful traveling.

The K 28 NC provides excellent comfort and, thanks to the unique 3D-Axis folding mechanism, takes up almost no space in your traveling bag.

## ACTIVE Noise Reduction

3D-AXIS

Weight: approx. 73g (2.6 oz.) Audio bandwidth: 12 Hz to 28 kHz

### Package includes

- Folding headphones with electronic noise filter
- Airplane adapter and stereo adapter
- Carrying bag

# Merlin

232 mobile wireless headphones

## Brand new! Wireless on the go

Enjoy fabulous sound wherever you go. The Merlin 232 is the first portable UHF wireless headphone system with hi-fi sound quality - a state-of-the-art must for anyone who would not settle for less than the best.

The wireless mini-transmitter is small enough to fit into your jeans pocket. It connects directly to your portable audio device and transmits the audio to the headphones, without any cable.

Thanks to the unique 3D-Axis mechanism they fold down to a small package and can be put safely away in the supplied neoprene bag.

### Merlin Special Features:

- Replaceable front panel covers
- Merlin Internet Bar at [www.ake.com/merlin](http://www.ake.com/merlin): free download of the HEARO Player 2.0 surround software

Weight headphones: approx. 172 g (6.0 oz.) Weight mini-transmitter: approx 37g (1.3 oz.)

### Package includes

- Folding headphones
- Wireless mini-transmitter
- Neoprene carrying bag
- Power supply/charger
