Instructions - Letter Size Paper PCR-50 or PCR-30 Template

Designed to print on standard ink-jet print area. Print on heavy paper (65lb+). For best results, use a metal edge ruler and a utility knife. Cut out inside parts before cutting out each template.

1. Cut out Upper Template Left 1 along all dotted lines.
2. Cut out Upper Template Right Half 2 along all dotted lines.
3. Cut out Lower Template 3 along all dotted lines.
4. Place on keyboard as seen below in the actual application.
