Unpacking: Thank you for purchasing the Pinspot LED RC by American DJ®. Every Pinspot LED RC has been thoroughly tested and has been shipped in perfect operating condition. Carefully check the shipping carton for damage that may have occurred during shipping. If the carton appears to be damaged, carefully inspect your fixture for any damage and be sure all accessories necessary to operate the unit has arrived intact. In the case damage has been found or parts are missing, please contact our toll free customer support number for further instructions. Do not return this unit to your dealer without first contacting customer support.

Introduction: The Pinspot LED RC is part of American DJ's continuing pursuit for creating high quality affordable fixtures. The Pinspot LED RC is a simple, small rechargeable battery powered LED light. This pinspot is light weight and compact which makes it a great piece for mobile DJ's, architectural lighting, or lighting effect. The LEDs located on the rear of the unit let you know the current status of the battery. A lit green LED means that the unit is fully charged, while a yellow lit LED means that the unit is dead or going to die soon. **NOTE: When the Yellow indicator starts blinking or is lit, please stop using the unit, and start charging it. If you let the batteries die completely, recharging dead batteries is very hard on the unit and will take some time.**

Battery Recharge: To recharge the battery, plug the charger into the back of the unit and plug the other end into a matching power supply. Put the switch located on the rear of the unit into the "RECHARGE" position. When the Red LED is lit, this means the unit is charging.

Lens Change: The Pinspot LED RC comes with a standard 12 degree lens already attached. Included in the box is an optional 6 degree lens. To switch lenses simply remove the retainer ring in front of the current lens, carefully remove the lens, and attach the 6 degree lens. Replace the retainer ring and the switch is complete.

Caution! No user serviceable parts inside do not attempt repairs. In the event your Pinspot LED RC should fail, contact *AmericanDJ*®.

MANUFACTURER'S LIMITED WARRANTY

A. American DJ, Inc. hereby warrants, to the original purchaser, American DJ and American Audio products to be free of manufacturing defects in material and workmanship for a prescribed period from the date of purchase (see specific warranty period on reverse). This warranty shall be valid only if the product is purchased within the United States of America, including possessions and territories. It is the owner's responsibility to establish the date and place of purchase by acceptable evidence, at the time service is sought.

B. For warranty service you must obtain a Return Authorization number (RA#) before sending back the product. Contact American DJ, Inc. Service Department at 800-322-6337. Send the product only to the American DJ, Inc. factory. All shipping charges must be pre-paid. If the requested repairs or service (including parts replacement) are within the terms of this warranty, American DJ, Inc. will pay return shipping charges only to a designated point within the United States. If the entire instrument is sent, it must be shipped in its original package. No accessories should be shipped with the product. If any accessories are shipped with the product, American DJ, Inc. shall have no liability whatsoever for loss of or damage to any such accessories, nor for the safe return thereof.

C. This warranty is void if the serial number has been altered or removed; if the product is modified in any manner which American DJ, Inc. concludes, after inspection, affects the reliability of the product; if the product has been repaired or serviced by anyone other than the American DJ, Inc. factory unless prior written authorization was issued to purchaser by American DJ, Inc.; if the product is damaged because not properly maintained as set forth in the instruction manual.

D. This is not a service contract, and this warranty does not include maintenance, cleaning or periodic check-up. During the period specified above, American DJ, Inc. will replace defective parts at its expense with new or refurbished parts, and will absorb all expenses for warranty service and repair labor by reason of defects in material or workmanship. The sole responsibility of American DJ, Inc. under this warranty shall be limited to the repair of the product, or replacement thereof, including parts, at the sole discretion of American DJ. All products covered by this warranty were manufactured after January 1, 1990, and bear identifying marks to that effect.

E. American DJ, Inc. reserves the right to make changes in design and/or improvements upon its products without any obligation to include these changes in any products theretofore manufactured. No warranty, whether expressed or implied, is given or made with respect to any accessory supplied with products described above. Except to the extent prohibited by applicable law, all implied warranties made by American DJ, Inc. in connection with this product, including warranties of merchantability or fitness, are limited in duration to the warranty period set forth above. And no warranties, whether expressed or implied, including warranties of merchantability or fitness, shall apply to this product after said period has expired. The consumer's and/or Dealer's sole remedy shall be such repair or replacement as is expressly provided above; and under no circumstances shall American DJ, Inc. be liable for any loss or damage, direct or consequential, arising out of the use of, or inability to use, this product.

This warranty is the only written warranty applicable to American DJ and American Audio Products and supersedes all prior warranties and written descriptions of warranty terms and conditions heretofore published.
