

VideoTrack

HANDHELD VIDEO AND AUDIO RECORDER

CAPTURE HIGH QUALITY AUDIO AND VIDEO ANYWHERE. The VideoTrack is a portable video recorder designed for capturing gigs and rehearsals, it's equally useful for everyday applications such as a night out, kids' soccer matches, or creating videos to share on social media websites including YouTube and Facebook. The VideoTrack employs Alesis' renowned audio recording technology including the same high-quality stereo condenser microphone set found on the ProTrack handheld recorder for iPod.
